How did you hear about our CSA program? _____

Please select the CSA share(s) you are purchasing. Payment for the Spring share is due by January 31, 2018. Payment for the Summer share is due by March 31, 2018. Payment for the Fall share is due by June 30, 2018.

- Spring CSA April 16-May 22 (6 weeks); fee is \$130 (\$20/week plus a \$10 deposit for your crate)
- Summer CSA June 11-July 17 (6 weeks); fee is \$160 (\$25/week plus a \$10 deposit for your crate)
- Fall CSA September 17-October 23 (6 weeks); fee is \$130 (\$20/week plus a \$10 deposit for your crate)

Shares: Each week your share will include a portion of everything that we are harvesting at that time. It will be enough for approximately 3-4 people. We will occasionally offer a choice between two products to ensure that every share has a sizeable portion of every item included (example: green beans v. okra). You will receive \$23-\$24 worth of food in every \$20 share, \$27-28 worth in every \$25 share. We will be vigilant to provide you with the freshest, highest quality chemical-free produce that we are known for. We will occasionally include a specialty item based on our discretion and availability (example: fresh, homemade bread; goat milk soap). **We do not offer substitutions for items.**

Refunds: We do not offer refunds.

Eggs: Some weeks we will include eggs in your share. On the weeks that they are not included in the share, we may have eggs available to add on to your order.

Pickup: Please select your pickup date and time. Your pickup date and time will remain the same throughout the season. If you anticipate missing a week due to vacation, etc., please make

arrangements at least a week ahead of your pickup time to have your share picked up by a friend if possible. Shares not picked up on your designated day will be forfeited and donated to a family in need.

- Monday 10:00-2:00
- Tuesday 2:00-6:00

Delivery: Delivery may be available for an additional fee of \$5/week. Please inquire if you would like delivery of your CSA share, and we will notify you if we are able to deliver to your area.

Store: Harp & Shamrock Croft, LLC has opened a store on-site, keeping regular store hours, where we sell all of our produce, as well as other products we make and products from other local farms and vendors. Any of these products can be purchased at pickup. We will regularly post our available inventory on our Facebook page (facebook.com/harpandshamrockcroft).

Disclaimer: We will do our best to provide every shareholder with quality and quantity every week. However, because our business is highly dependent on the elements and other forces beyond our control, please understand that there is always a risk that a crop we were depending on may come up short. We certainly will make every effort to fulfill our commitment to you, but as in every aspect of the agriculture industry, there is always a risk of crop failure.

I understand that participating in the local food movement is a two-way street between the farmer and the customer. I am excited to participate in this endeavor and start receiving my fresh, chemical-free, locally grown food on a weekly basis. Sign me up! (By signing below you acknowledge the terms and conditions explained above).
